DETAILED ACTION

Non-responsive Submission

1. The timely submission under 37 CFR 1.129(a) filed on 13 November 2003 is not fully responsive to the prior Office action because it contains no discussion of the secondary reference applied in the 35 USC 103 rejection (i.e., US 5,303,834 to Krishnakumar et al).
2. Since the submission appears to be a *bona fide* attempt to provide a complete reply to the prior Office action, applicant is given a shortened statutory period of ONE MONTH or THIRTY DAYS from the mailing date of this letter, whichever is longer, to submit a complete reply. This shortened statutory period supersedes the time period set in the prior Office action.
3. This time period may be extended pursuant to 37 CFR 1.136(a).

Information Disclosure Statement

4. The information disclosure statement filed 13 November 2003 fails to comply with the provisions of 37 CFR 1.97, 1.98 and MPEP § 609 because several of the citations lack publication dates. It has been placed in the application file, but some of the information referred to therein has not been considered as to the merits. Applicant is advised that the date of any re-submission of any item of information contained in this information disclosure statement or the submission of any missing element(s) will be the date of submission for purposes of determining compliance with the requirements based on the time of filing the statement, including all certification requirements for statements under 37 CFR 1.97(e). See MPEP § 609 ¶ C(1) and *MPEP 609 III.A*.

Art Unit: 1772

5. A copy of the IDS is enclosed with this action. The citations that lack dates have been crossed off. The other citations have been initialed and the form has been signed.
